## JUST A FEW FACTS.

When a farmer ships a car load of cattle, or a ton of hay, or any other product away to the city market the money he receives becomes a part of the wealth of this community.

It is upon the income from the products that we ship away that we depend for the prosperity of our home people.

That fact is plain to every thinking person.

Every article we consume or use must come from some source. If it is produced at home the money we pay for it all remains in circulation at home. But if it is not produced here we must buy elsewhere.

That, also, is a fact well known to all people.

A retail merchant can buy the article we want from the manufacturer or wholesaler for considerably less than we would have to pay if we ordered direct from the factory. That is the discount made by manufacturers to all dealers.

That is still another fact which requires no extraordinary amount of brains to understand.

If we send away ourselves for what we want all of the money paid for the article goes out of the community and helps to enrich some person in some other community.

If we buy from a local dealer the wholesale price only is sent away, the dealer's profit remaining in circulation as part of the wealth of our own community.

That is the most vital fact of all, and yet it is one which many excellent citizens seemingly fail to comprehend.

A home trading community is invariably prosperous.

A foreign trading one is more often depressed.

In either case, it is as we make it.

## RESOLUTION.

Whereas it is found to be expedient that the owners of property abutting on streets paved and being paved be granted indulgence in making payment for their pro rata share of the cost of paving certain streets of city for a period of eight years on deferred annual payments, and that the issue of the bonds of the city for securing the funds to presently liquidate the cost of such paving levied against the abutting property owners will be necessary; be it therefore,

Resolved, that it be and is hereby declared by the city council of the City of Pascagoula to be the intent and purpose of the city council at the regular meeting of said council on the 5th day of October, 1920, without the express sanction of the electors of the city (unless on or before the date last aforesaid 20 per cent of the said qualified electors file a written protest against the same) to provide for and issue \$20,000 of the Street Paving Aid Bonds of the City of Pascagoula, or such an amount thereof, not exceeding \$20,000 par value, as may be required for the purpose aforesaid.

Resolved, further, that the clerk be directed to publish this resolution in the Pascagoula Chronicle, for three weeks next proceeding the date, aforesaid for authorizing issuance of said bonds.

Approved this 8th day of September, 1920.

STILL the GREATEST  
MOTHER in the WORLD

The "Greatest Mother" concept which was visualized in the famous art poster used by the American Red Cross in its second war fund campaign has had its symbolism adapted to the Red Cross works of the post-war era and will illuminate the main poster to be used in the Fourth Roll Call November 11-25. This adaptation will bear the title "Still the Greatest Mother in the World." Everyone is familiar with the original "The Greatest Mother in the World," the effectiveness of which has been shown in part by the fact that it has furnished a synonym for Red Cross that has come to almost a household term. More than any other symbol, except the red cross itself, the public has made it the trademark of the American Red Cross.

## Bank Has Special Right.

There is only one national bank in the United States which does not have "National" as a part of its name. It is the Bank of North America, in Philadelphia. A special act of congress is required to permit a national bank to operate as such without indicating the fact that it is a national bank in its name.

## The Weeping Mic.

A friend of mine was engaging a cook lately, and inquired why she had left a certain place. "I couldn't stop there, madam," was the reply. "I don't mind cautions, and I believe I'm economical, but in that house they were so saving that the very nice used to run about with tears in their eyes."—London Daily Express.

## Source of Anecdote.

The word anecdote is derived from three Greek words, meaning "not given out." In other words, an anecdote meant something not to be told, instead of the opposite meaning now current.

## Admiration.
